CREATING A MYSTIC

Choose a Personality. Sum up your personality in a word or two.

Pick a Quirk. Come up with something unique, funny, or special about yourself.

Choose your Motive. Your motive is the thing you want or believe in most. This is what drives you on a fundamental level. You have Advantage when acting in furtherance of your motive.

Choose your Fear. Fears stand in the way of accomplishing your motive. These might be simple phobias or abstract ideas, like not knowing where you fit in. The GM can force you to act in accordance with your fear, even when you don't want to.

Actions and Reactions. Gain +1 to any three Actions or Reactions of your choice.

Everything Else. Fill out every box that doesn't have a star for higher levels.

LEVELING UP

Level: ●●●●●●●●

At the start of each episode, the GM gives you two Beats—secret narrative goals written on cards. If you can achieve one of these Beats, reveal that card to the other players and, at the end of the episode, you gain a level.

When you gain a level, fill in that level's dots; this unlocks new Actions and traits.

IMPROVEMENT. Gain +1 to two different Actions or Reactions of your choice.
